

Angleton Christian School “After School Care” Program 2023 - 2024

In addition to providing students with an excellent Christian education, Angleton Christian School also provides an option for students to be cared for after normal school hours. This service is provided on a daily basis with the exception of “Early Release” school days. This program is in place to provide what we consider to be, one of the most important areas of service to our students and families, outside of our academic school day.

Our After School Care Program provides a safe, engaging, and nurturing environment for families requiring these services. We will emphasize an atmosphere that will balance student enrichment and recreation in a stimulating and enjoyable setting.

We look forward to serving you and your family and are prayerful for another successful school year!
